- Operating and Gaming Budgets were presented and proposed for vote
 - 48 hands in favour resulting in a PASS
 - Click to view [Operating Budget](#) + [Gaming Budget](#) (or visit www.edgewoodpac.ca under the Meeting Info tab)
- Starting the year with a healthy operating account largely in thanks to Hot Lunch
 - Classroom discretionary amounts to increase to ~\$700/division.
 - Healthy budgets maintained for library, IST and LST buckets.
- Gaming funds need to be utilized as much as possible by the end of each school year, as any residual has to be returned, and potentially less funds will be granted to our school the following year.
 - We were able to use a substantial amount of Gaming Funds last school year, going towards Field Trip Subsidies, Winter Concert, Spring Fair, school-wide Hip Hop workshop, Sport's Day
- Looking at saving for an accessible/inclusive expansion piece to our playground. Projected cost is ~\$80-100k+. We must have total funds prior to starting project. Long term savings to go towards this initiative.
